

Conversion Arrangement for TL 9000 Requirements Handbook R6.0

QuEST Forum officially released the TL 9000 Requirements Handbook R6.0 on 15 Sep 2016. The details of changes are listed out in the following TL 9000 web site:

http://www.tl9000.org/handbooks/documents/TL_9000_Requirements_Handbook_Release_6.0_Changes.pdf

According to QuEST Forum's requirements, organizations may be audited to the R6.0 Requirements beginning 15 Sep, 2016 and must have successfully completed their external audit and their certification body must have issued the updated certificate to the R6.0 Requirements handbook by 15 Sep 2018.

Conversion Arrangement for HKQAA TL9000 Certified Clients

All TL9000 certified clients should prepare for R6.0 version update after the issuance of the handbook. Starting from 15 Mar 2017, all audits for HKQAA TL9000 certified clients shall be conversion audits using the R6.0 version in order to ensure that conversion can be completed before the deadline. The current certification cycle will remain unchanged and not affected by the conversion.

If your organization wants to have the conversion audit prior to 15 Mar 2017, please contact our Customer Service for arrangement.

We will endeavor to assist you to ensure a smooth transition to meet the requirements of the new Requirements Handbook.

The "Frequently Asked Questions - For the conversion to TL 9000 Requirements Handbook R6.0" is also posted in HKQAA web site for your reference.

Should you have any further inquiry, please free feel to contact us.
