

「醫用防護口罩產品認證計劃」 首兩間先導計劃申請者 豁免首次認證費用

香港品質保證局（HKQAA）一直以服務社區為己任，致力擔當工商界與社會發展的橋樑，支持機構應對社會關注的議題，攜手促進社區的可持續發展。

有見新型肺炎疫情不斷蔓延，本局竭盡所能支援社會抗疫，迅速啟動了香港本地首個「醫用防護口罩產品認證計劃」，是第一個針對本地市場需要的口罩產品認證計劃，適用於所有口罩生產商及機構。

本局歡迎本地口罩生產商參加此認證的先導計劃。為支持及推動他們取得認證，從而展示有能力生產達國際標準水平的口罩，以助保障市民健康安全，首兩間申請先導計劃的個案，將獲本局豁免首次認證費用。此外，本局有計劃將其他先導計劃參加者的首次認證費用，全數用以回購其獲證口罩產品，並貢獻於社區的抗疫工作。詳情將容後公布。

Medical Face Masks Product Certification Scheme Initial Certification Fee Waived for The First Two Pilot Program Applicants

Serving the community has always been one of HKQAA's missions. Acting as the bridge between the industries and the society, HKQAA is devoted to supporting organisations to respond to social issues, and joining hands to facilitate the sustainable development of our community.

COVID-19 has continued to spread around the world. In order to support the community in the fight against this virus, HKQAA has quickly developed the first "Medical Face Masks Product Certification Scheme" to meet the needs of local market. It is applicable to all face mask manufacturing companies and organisations.

HKQAA welcomes local face mask manufacturers to join the pilot program of the Scheme. The Scheme assists them to demonstrate their ability to produce medical face masks at international standard level, so as to help protect people's health. To support and encourage them to obtain the certification, HKQAA will waive the initial certification fee for the first two applicants of the pilot program. In addition, HKQAA plans to make good use of all initial certification fee received from other pilot program participants to buy back their certified face mask products, and contribute to society's fight against the COVID-19. HKQAA will announce details in due course.
