

Transition Arrangement for ISO 14064-1:2018

The International Standardization Organization (ISO) has published ISO14064-1:2018 (Greenhouse gases -- Part 1: Specification with guidance at the organisation level for quantification and reporting of greenhouse gas emissions and removals) on 19 December 2018. According to IAF Resolution 2017-15, a transition period of three-year was endorsed. Verification bodies shall not issue any accredited ISO 14064-1:2006 greenhouse gas verification statements starting from 19 December 2021.

Organisations are encouraged to take early preparation for the transition and we will endeavor to assist you to ensure a smooth transition to meet the new requirements of the standard.
