

## **Frequently Asked Questions - Transition Arrangement for ISO 14064-1:2018**

**Q. What is the effective date of ISO 14064-1:2018?**

A. The effective date of ISO 14064-1:2018 is 19 December 2018.

**Q. Is there any transition period for ISO 14064-1:2018?**

A. Starting from 19 December 2018, there is a three-year transition period end on 18 December 2021.

**Q. When is the best time for organisations to start the transition preparation?**

A. Verification bodies will cease issuing accredited ISO 14064-1:2006 greenhouse gas verification statements starting from 19 December 2021. Therefore, organisations shall take early preparation for the transition based on their annual schedule of publication of greenhouse gas verification statement.

**Q. Are there any training courses providing necessary information to facilitate the transition?**

A. Hong Kong Quality Assurance Agency offers training courses regularly throughout the year with the aim of helping organisations to gain a better understanding on different types of management tools and skills. For more details, please refer to the following link:
