Introduction/ Key features

In this interactive seminar, Dr Nigel Croft will give his views on the latest revision to ISO 9001. He will explain the rationale that has led to the revision and discuss likely topics to be addressed, including “what we already know” and “what we don’t yet know”. The seminar will include the following topics:

- The story so far – evolution of ISO 9001 to date
- Latest trends in Quality Management
- Rationale for the 2024 amendment and the 2025/26 revision
- What might be included in the new revision
- Timescale for the revision and transition processes
- Interactive discussion – what would YOU like to see changed?

About the Speaker:
